

K-Love Radio is a fantastic resource for Christians in the rural area of the panhandle of Nebraska. We are physically remote from the big cities and the opportunities associated with them. K-Love provides wonderful contemporary Christian music that is not available to our area.

The greatest thing about K-Love is that wherever I may travel, I can usually find a K-Love station, which gives me a sense of being home. K-Love provides "family friendly" broadcasting which most other stations don't know the meaning of. My husband and I listen exclusively to K-Love radio and enjoy the positive encouraging message and music that this station provides 24 hours a day seven days a week. I oftentimes awake in the middle of the night and have a hard time falling back to sleep. It is such a comfort to have K-Love broadcasting through the night to lull me back to sleep with the positive music it plays.

Please do not replace K-Love with some form of LPFM broadcasting. I rely on K-Love all day. I wake up with K-Love playing on the clock radio, shower listening to it on the bathroom radio, listen to it in my vehicle on my way to and from work, and listen to it all day at work. It provides uplifting music that provides a positive message. Finding this station is the best thing that has happened to me over the last year and I have become totally reliant on the broadcast. I honestly don't know what I would do if this station were not available to me at the times that I truly need it.

If you would like to know what kind of an impact this station has on a rural area such as Scotts Bluff County Nebraska, feel free to travel here. The closest major airport is Denver International which is 210 miles from here, or roughly three hours. You can fly into Scottsbluff, but it is on what we fondly call "puddlejumper" twin-prop planes. We do not have Krispy Kreme Donuts, we do not have access to many things that larger communities have. The big thrill here was when they built a Super Wal-Mart because we could then have more variety in our grocery shopping.

K-Love radio is a great asset to this area. Please, please, please do not take this much needed resource away from us.

Thanks.
